SUMMARY

Product Designer with experience designing AI-powered SaaS products, workflow platforms, dashboards, and scalable design systems for early-stage startups. Skilled in UX design, interaction design, product thinking, prototyping, and design-to-development collaboration. Experienced working closely with founders and engineers to ship user-centric digital products from concept to implementation.

EXPERIENCE

INDEPENDENT PRODUCT DESIGNER

AI Products · SaaS · Digital Experiences Feb 2026 – Present

- Partnering with early-stage startups to shape product experiences from concept to execution across AI, SaaS, and digital platforms.
- Translating complex workflows into scalable, intuitive user experiences that balance usability, speed, and business goals.
- Working closely with founders and engineers to define product direction, interaction systems, and user-centric product decisions.
- Building product foundations through design systems, rapid iteration, and structured UX thinking.

PRODUCT DESIGNER

Simplita.ai Aug 2024 – Feb 2026

Product Design Lead

- Designed end-to-end experiences for an AI-powered no-code automation platform, including workflow builders, dashboards, and operational interfaces.
- Built and maintained scalable design systems to improve consistency and accelerate design-to-development workflows.
- Conducted UX research, workflow analysis, and competitor benchmarking to identify usability improvements and product opportunities.
- Collaborated closely with founders, engineers, and stakeholders to shape product flows, interaction patterns, and feature direction.
- Led design handoffs and implementation reviews to ensure quality and usability across shipped experiences.
- Created product branding, visual systems, and interface guidelines across product and marketing touchpoints.
- Explored and validated UX concepts through rapid prototyping, iterative design sprints, and workflow experimentation.
- Mentored junior designers on UX workflows, interaction patterns, and product design fundamentals.

SKILLS

Tools: Figma, Framer, Webflow, Adobe Creative Suite, Antigravity, Claude

Core Skills: Product Design, UX Research, UI Design, Interaction Design, Information Architecture, Prototyping, Wireframing, User Flows

Systems & Strategy: Design Systems, Brand Identity, Product Strategy, Design Thinking, Agile Methodologies

Collaboration: Design-to-Dev Handoff, Stakeholder Management, Prototyping, User Testing, Jira, Notion

EDUCATION

CARMEL COLLEGE OF ENGINEERING AND TECHNOLOGY (KTU)

BTech Computer Science and Engineering 2020 - 2024

CHRIST CENTRAL SCHOOL, THIRUVALLA

Higher Secondary 2018-2020

COMMUNITY & VOLUNTEER ROLES

STUDENT TECHNICAL LEAD

Sep 2023 – Jun 2024

TINKERHUB

- Organized technical workshops focused on design, development, and product thinking.
- Mentored students on UX fundamentals, prototyping, and collaborative product building.

PEOPLE MANAGEMENT ASSOCIATE

Jun 2022 – Feb 2024

PRODUCT PACK

- Contributed to a 500+ member product community through onboarding, coordination, and community initiatives.
- Assisted in organizing sessions with product managers, designers, and startup professionals.
